

An attractive and practical method of cable containment. The cableway routes cables from floor to desk and provides mechanical protection and strain relief.

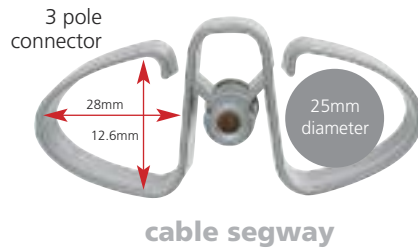

key features

- Two compartment structure to allow for power and data cable segregation
- Standard colours available are charcoal grey or silver
- Fixing method – the floor to desk vertical Cableway screws to underside of the desk using a top bracket
- The horizontal raceways screw to the underside of the desk using clip-on fixing brackets (see picture below)
- Segments are detachable for easy re-configuration
- Internal channel allows 3 pole connectors through
- Allows conduit up to 25mm diameter to be swiped in
- Weighted base for free standing floor to desk section
- Fixing kit included

Vertical Cableway - Product weight 1kg

height	780mm approx	
code	description	colour
660041	weighted base to desk including top bracket	charcoal grey
660042	weighted base to desk including top bracket	silver

Extended Arcway - Product weight 1.5kg

overall length	1340mm approx	
code	description	colour
660045	horizontal arcway	charcoal grey
660046	horizontal arcway	silver

under desk clip-on fixing bracket

Horizontal Raceway - Product weight 500g

overall length	620mm approx	
<small>(picture shows 2 raceways, and vertical cableway connected)</small>		

code	description	colour
660049	horizontal raceway	charcoal grey
660050	horizontal raceway	silver

All cable spines come complete with a fixing kit.
