# New Harmony power and data

Harmony is a versatile desk power solution, specifically designed to meet the increasing power and everyday communication needs of a working office. The Harmony features integral fuses which are fully compliant to current safety regulations and is configured with segregated power & data choices to suit different workstation requirements. Harmony can be used in conjunction with our under desk modules to provide greater power solutions and is fitted to the edge of desk with C clamps or adhesive kit making it functional yet non-intrusive to the working desk.

power modules

Newly designed outer end cap with no visible screws

Matching inner end cap as standard but coloured options available subject to MOQ

Choose from power, USB charging, data, audio and international sockets

Lateral fuses with a choice of 3.15A or 5A to comply with BS 6396:2008

Anodised aluminium extruded body

80mm

80mm

- Anodised aluminium extruded body available in silver or painted black
- Choice of Black, Grey or White fascias/end caps
- Fully segregated power and data
- All UK sockets feature integral fuses. Choice of 3.15A or 5A fuses are available to comply with BS 6396
- All standard options are supplied with a 1m mains lead to male 3 pole connector. Requires a separate mains lead if passing from a 13A socket
- Tested to comply BS 5733
- Fixing via standard C clamps or adhesive fixing kit

Build it your way

Please see page 47 for more information.

Manage your energy

Configure to allow energy to be monitored and controlled with Footprint. See page 155 for more details.

Note: CMD cannot accept any responsibility or liability for providing category 6 performance in products supplied.

Fuses: Only accessible after removal of equipment plug. Lead lengths shown will be the conductor length and not the distance from the end of the module to the plug. For example, a 3m prewired power lead will be approximately 2.875m as 125mm will be internal for the termination. This is also applicable for data leads. Data fascias may be subject to colour change.

Cables: White and grey modules are supplied with white cables and black modules are supplied with black cables.

HDMI: CMD cannot accept any responsibility or liability for providing HDMI performance in products supplied over 10m in length.
