Chip - Information and Instruction Guide

C clamp Fixing Instructions

- 1. The Chip module is supplied with the C clamp installed (fig. 01).
- 2. Place the unit in the desired position on the desk surface and ensure the C clamp is tight up against the edge of the surface (fig. 02).
- 3. Tighten the C clamp bolt with a 5mm Allen key (not supplied). Do not use power tools (fig. 03).
- 4. The C clamp has been designed to fit desk thicknesses between 15mm and 35mm.
- 5. Once the module is connected to the power supply your device can be charged using any standard USB cable (fig. 04).
