# On Desk Power and Data

Harmony features integral fuses which are fully compliant to current safety regulations and is configured with segregated power and data choices to suit different workstation requirements. Harmony can be used in conjunction with our under desk modules to provide greater power solutions and is fitted to the edge of desk with C clamps or adhesive kit making it functional yet non-intrusive to the working desk.

Harmony Power Module

Now with 5.0A Charger

Double end cap system with no visible screws

Matching inner end cap as standard but coloured options available subject to MOQ

Choose from power, USB charging, data, audio and international sockets

A choice of UK and international socket comply with BS 6396:2008

Anodised aluminium extruded body

80mm

80mm

Features

- Extruded silver metal body for longer lengths
- Unit complies with BS 5733
- All standard options are supplied with a 1m mains lead to 3 pole connector
- Requires a separate mains lead if connected directly to a wall or floor socket
- Fixing via Harmony C clamp or adhesive fixing kit
- All UK sockets feature integral fuses. Choice of 3.15A or 5A fuses are available to comply with BS 6396
- Segregation between power and data to comply with BS 6396

Manage your energy

Configure to allow energy to be monitored and controlled with Footprint. See page 73 for more details.

Cables: White and grey modules are supplied with white cables and black modules are supplied with black cables.

Data Cables: CMD cannot accept any responsibility or liability for providing category 6 performance in products supplied. CMD cannot accept any responsibility or liability for providing HDMI performance in products supplied over 5m in length.

Fuses: Only accessible after removal of equipment plug. Lead lengths shown will be the conductor length and not the distance from the end of the module to the plug. For example, a 3m prewired power lead will be approximately 2.875m as 125mm will be internal for the termination. This is also applicable for data leads. Data fascias may be subject to colour change.

modules **power**

Contour C clamp

We recommend using 2x C clamps for any module with more than 2 sockets. Available in a range of colours and sizes.

| Code	Description
440005	32mm maximum recommended desk thickness

Data Cables

Note: Separate data cables must be purchased with our new rear access data sockets. Other cable lengths are available on request.

Adhesive Fixing Kit

We recommend 1x adhesive fixing kit for each module. Each kit includes 2x adhesive fixings.

Code	Description
440006	2x adhesive fixings

Code	Description
161713	3m Cat 6 data cable. Male to male connector
161239	2m USB data cable. Male to male connector
161718	2m HDMI data cable. Male to male connector
