# In Desk Power and Data

Reveal is the perfect solution for providing power and data sockets in boardrooms and office environments. The unit is available in a selection of finishes and features a soft opening lid mechanism to create a quality finish. The dual action lid mechanism also creates a generous shadow gap for cable exit whilst offering a seamless appearance when not in use.
Reveal
Power Module

Now with 4.0A Charger

Choose from power, data, audio, USB, and international sockets

Soft close retractable lid

Painted metal body with seamless low profile surround

Lateral fuses with a choice of 3.15A or 5A to comply with BS 6396

Partially closed position

Fully closed position

Features

Manage your energy

Configure to allow energy to be monitored and controlled with Footprint. See page 156 for more details.

Note: CMD cannot accept any responsibility or liability for providing category 6 performance in products supplied. *Dimensions are meant as a guide and have a +/-1mm tolerance.

Fuses: Only accessible after removal of equipment plug. Lead lengths shown will be the conductor length and not the distance from the end of the module to the plug. For example, a 3m prewired power lead will be approximately 2.875m as 125mm will be internal for the termination, this is also applicable for data leads. Data fascias may be subject to colour change.

Cables: All modules are supplied with black mains cables.

HDMI: CMD cannot accept any responsibility or liability for providing HDMI performance in products supplied over 5m in length.
