

Surface is a new module designed to fit the horizontal surface of any furniture. It features a seamless surround that is available in black, grey or white but can also be finished in stainless steel. The socket faces have been specifically designed to stand proud of the furniture surface to protect the module from spillages making this an ideal solution for offices and commercial spaces. Available in four sizes as standard offering a range of power, data and AV sockets.

## Surface Power Module

New  
Product

power  
modules

Fuses: Only accessible after removal of equipment plug. Lead lengths shown will be the conductor length and not the distance from the end of the module to the plug. For example, a 3m prewired power lead will be approximately 2.875m as 125mm will be internal for the termination, this is also applicable for data leads. Data fascias may be subject to colour change.

Cables: White and grey modules are supplied with white cables and black modules are supplied with black cables
