

Miro Laptop Support

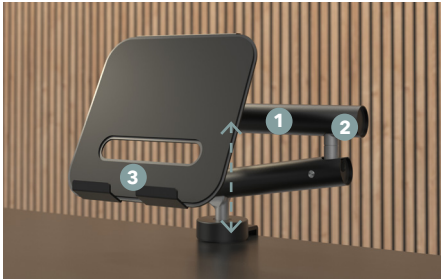

DESCRIPTION

Introducing our new Laptop Support, expertly designed to complement the Red Dot award-winning Miro dynamic monitor arm. Built with hybrid working in mind, it enhances ergonomic comfort to support the physical wellbeing of modern office workers. Its simple, elegant design seamlessly integrates with Miro, creating a cohesive and stylish workstation setup. Ideal for use in offices, commercial environments, or at home, the Laptop Support is the perfect solution for flexible, healthy, and productive workspaces.

KEY FEATURES

1. Used with the award winning Miro dynamic monitor arm featuring pure vertical motion.
2. Supports high performance laptops weighing 2kg to 5kg.
3. Simple drop and go attachment of the laptop with protective neoprene finish.

ORDERING

Note: the Miro dynamic monitor arm is sold separately.
