

Elite+

Workplace Power

5 Year
Warranty

100%
Recyclable

INTRODUCTION

Introducing our Elite+ under-desk workplace power module range, engineered to complete the journey of power from under floor to where it's needed most.

Designed for modern offices and commercial spaces, Elite+ supports compliance with BS 6396 and is manufactured to BS 5733 for complete peace of mind.

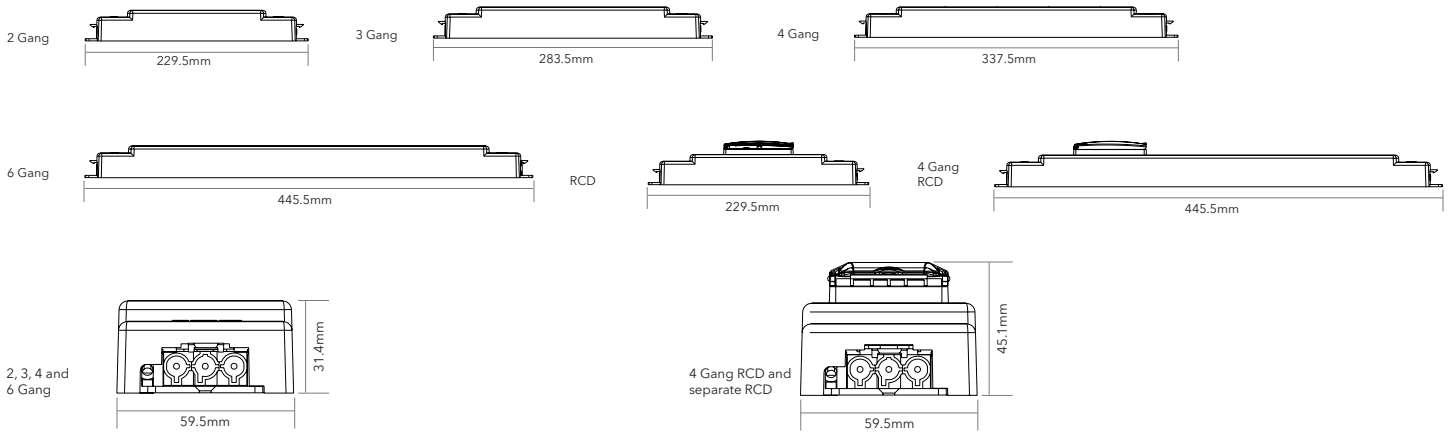

With a choice of 2, 3, 4 or 6 gang configurations, 3A or 5A resettable thermal circuit breakers, standard 3-pole GST connections, and an optional 4 gang RCD or separate RCD module, it delivers safe, reliable and effortless access to power at work.

KEY FEATURES

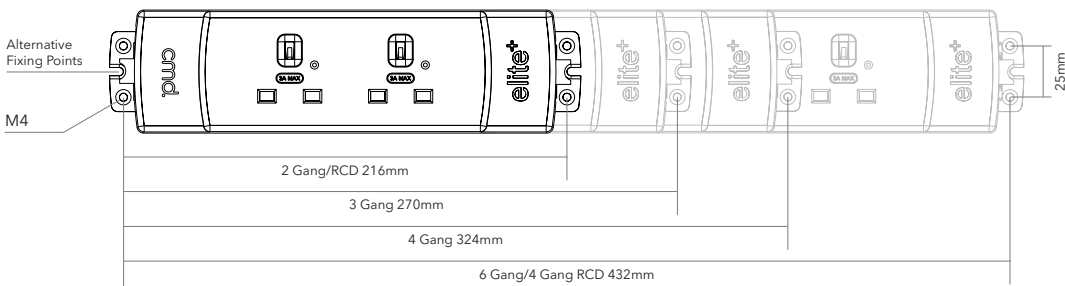

1. A comprehensive range of 2, 3, 4 and 6 gang power modules with 3A and 5A resettable thermal circuit breakers.
2. 4 gang and separate RCD circuit protection modules available.
3. Certified to BS 5733 General requirements for electrical accessories.
4. Allows compliance with BS 6396.
5. Utilises standard 3 pole GST connections.

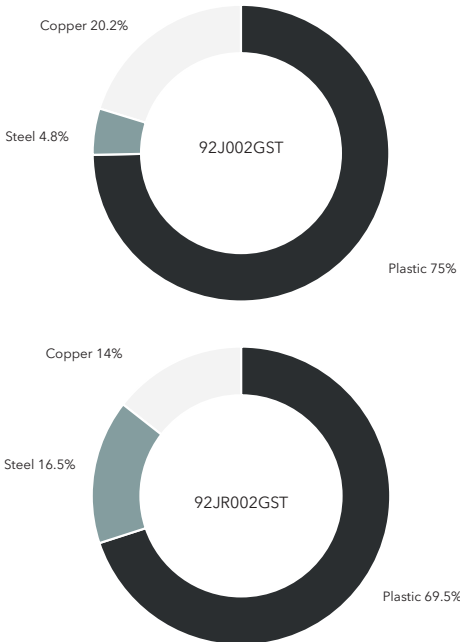

DIMENSIONS

Elite+ includes 4 countersunk fixing points designed to be used with an appropriate M4 countersunk screw (not supplied).
