Connecting Seamlessly

Miro 2.0

Dynamic Monitor Arm

15 Year Warranty

100% Recyclable

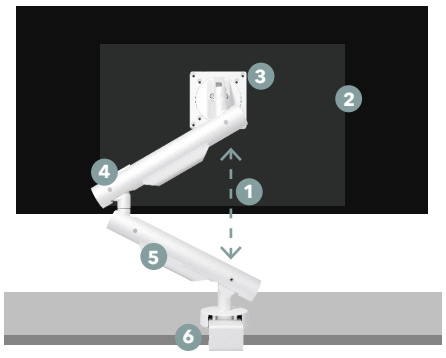

DESCRIPTION

Miro 2.0 is a dynamic monitor arm that has patented motion technology to provide pure vertical movement. Synchronised movement of the lower and upper arms allows the monitor to be raised or lowered simply and easily without any need for sideways or forward motion. Available in black or white, with integral cable management and a top fixing C-clamp. Miro supports flat and curved screens between 2 and 9 kgs.

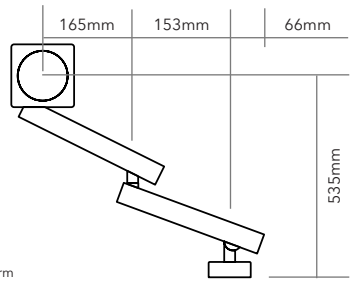

KEY FEATURES

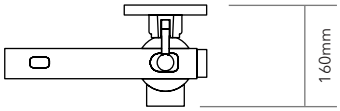

1. Patented motion technology to provide pure vertical movement
2. Finger tip adjustment.
3. Innovative 'twist & lock' VESA head fixing.
4. Monitor weight gauge speeds installation and adjustment.
5. Supports monitors weighing 2kg to 9kg, including curved screens.
6. Integrated cable management.
7. 360° monitor rotation with 180° lock-out
8. Easy-to-fit top fixing C-clamp, to fit desk thicknesses of 16mm to 27mm.
